FULL TEXT OF PROPOSED AMENDMENT

Be it Resolved by the People of the State of Ohio that Article I of the Ohio Constitution is amended to add the following Section:

Article I, Section 22. The Right to Reproductive Freedom with Protections for Health and Safety

A. Every individual has a right to make and carry out one's own reproductive decisions, including but not limited to decisions on:

1. contraception;
2. fertility treatment;
3. continuing one's own pregnancy;
4. miscarriage care; and
5. abortion.

Fear-Mongering

care through & after miscarriage has & always will be legal

B. The State shall not, directly or indirectly, burden*, penalize, prohibit, interfere with, or discriminate against either:

1. An individual's voluntary exercise of this right or
2. A person or entity that assists an individual exercising this right, unless the State demonstrates that it is using the least restrictive means to advance the individual's health in accordance with widely accepted and evidence-based standards of care.
3. However, abortion may be prohibited after fetal viability. But in no case may such an abortion be prohibited if in the professional judgment of the pregnant patient's treating physician it is necessary to protect the pregnant patient's life or health.

C. As used in this Section:

1. "Fetal viability" means "the point in a pregnancy when, in the professional judgment of the pregnant patient's treating physician, the fetus has a significant likelihood of survival outside the uterus with reasonable measures. This is determined on a case-by-case basis."
2. "State" includes any governmental entity and any political subdivision.

D. This Section is self-executing.

Thus: this would make painful, late-term abortions legal.

COERCION

Anyone who coerces a girl into abortion would be protected by law

The abortionist can be that physician!

* Legal term. Laws restricting abortion are considered "burdens" by activist judges.
